## Description:

### For Customers:

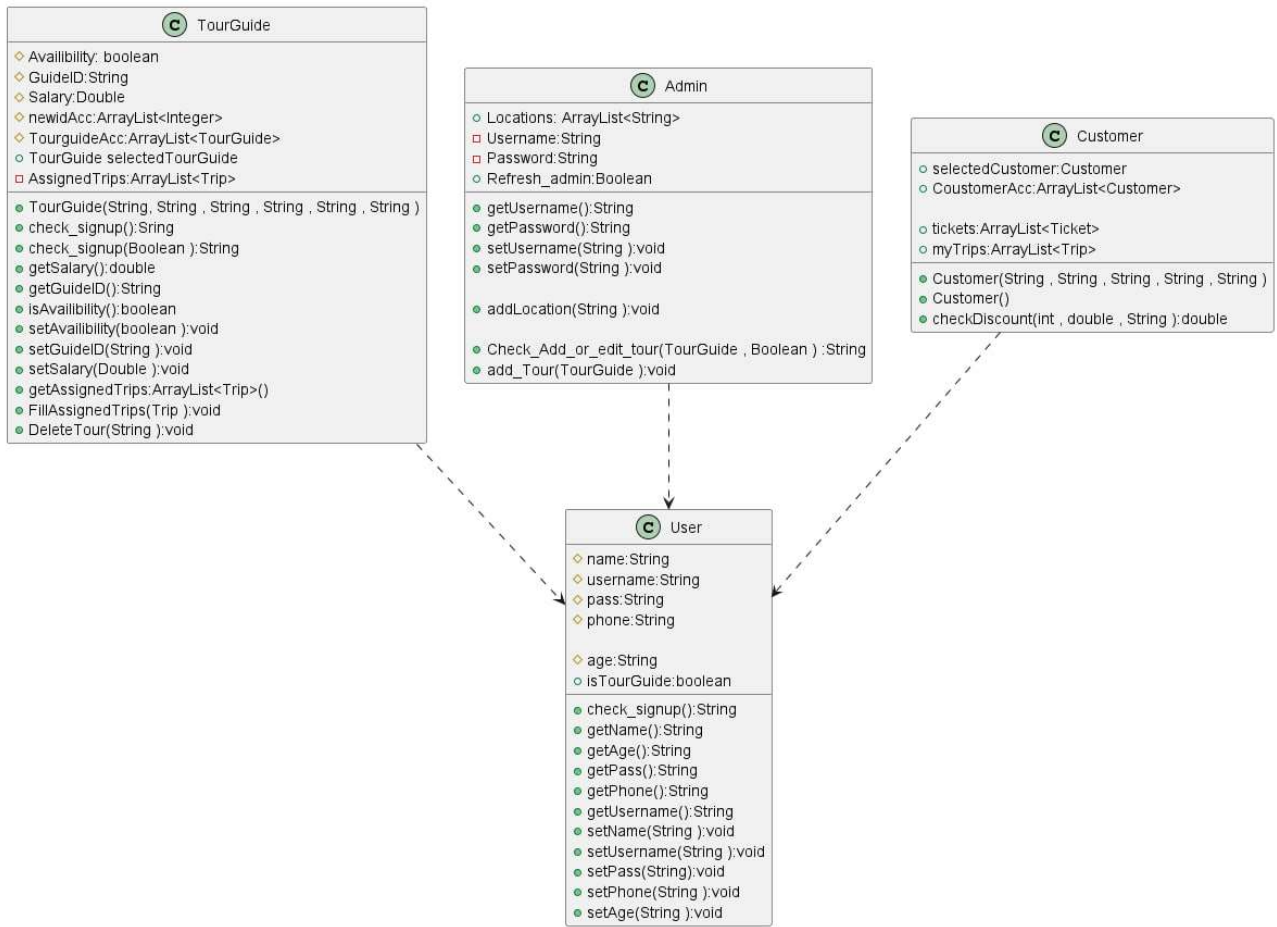

- Create a personal account for easy trip booking.
- Choose your ideal trip package, number of tickets, hotel, and car rental options.
- Conveniently pay with your Visa card.
- Find all your booked trips neatly organized in the "My Trips" section of your profile.
- Easily update your profile information, such as name and phone number.
- Ensure a smooth booking process by avoiding duplicate trip assignments or simultaneous bookings.

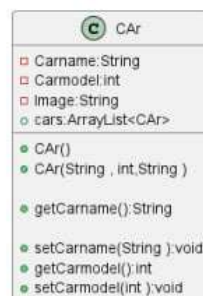

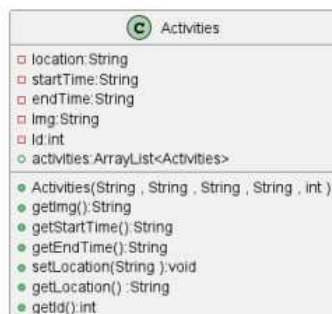

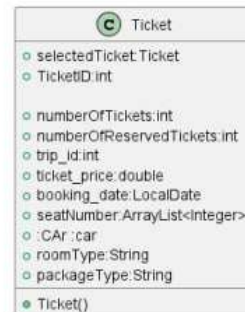

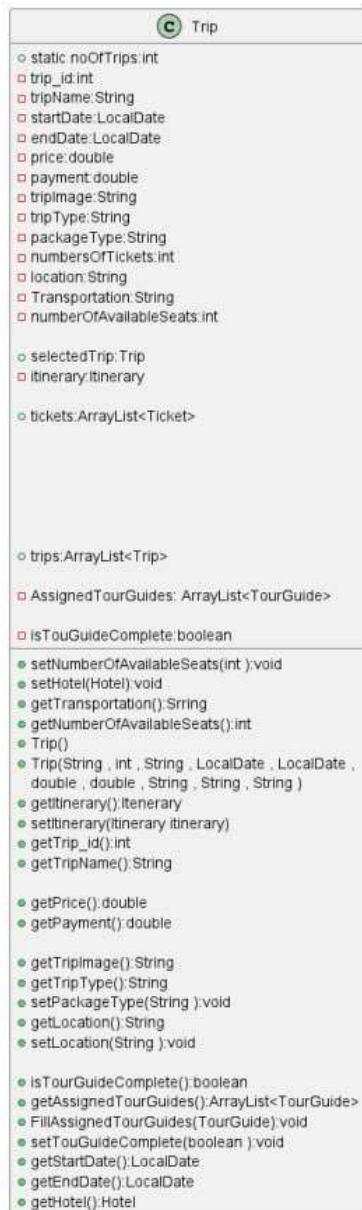

### For Tour Guides:

- Assign yourself to available trips and receive compensation for your services.
- Manage your profile details, including name and phone number.
- Avoid double bookings by restricting yourself from assigning to the same trip twice or multiple trips simultaneously.

## For Admin:

- Oversee the entire platform for efficient management.
- Add new trips with essential details like name, type, pricing, and location.
- Include specific features for Platinum package users, such as exclusive activities.
- Edit or delete existing trips, tour guide accounts, and customer profiles.
- Maintain control over the platform to ensure a secure and streamlined experience for everyone involved.

# Input Scenario

## Customer Journey:

- If you don't have an account, you can register.
- On the homepage, you'll see all available trips for booking.
- Click on "View Trip" to choose your package type and the number of tickets.
- If the trip includes transportation (Bus or Plane), you'll choose seats for them.
- Next, select the hotel room type. If you want to rent a car, you can choose that too.
- If you opt for the Platinum package, you'll see available activities.
- Finally, you can pay with Visa, review all trip details, and save the trip in "My Trips."
- 

## Tour Guide Journey:

- If you're a tour guide without an account, register.
- Obtain a specific ID from the admin.
- On the homepage, view all available trips for assignment.
- Click "Assign to Trip" to add the trip to your assignments in "My Trips."

## Admin Tasks:

- Admin has a unique account.
- Can add a trip by including hotel, cars, and activities.
- Create a new trip, add components, and edit it as needed.

# Input Scenario

## Customer Journey:

If you don't have an account, you can sign up. On the homepage, you'll find all the trips you can book. Click on a trip to choose your package and number of tickets. If the trip includes transportation (Bus or Plane), pick your seats. Then, choose your hotel room and decide if you want to rent a car. If you go for the Platinum package, you can see available activities. Finally, pay with Visa, check all trip details, and save it in "My Trips."

## Tour Guide Journey:

If you're a tour guide without an account, register. Get a specific ID from the admin. On the homepage, see all available trips for assignment. Click "Assign to Trip" to add the trip to your assignments in "My Trips."

## Admin Tasks:

The admin has a unique account. They can add a trip by including hotel, cars, and activities. Create a new trip, add components, and make edits as needed.
